# Linear Convectorm™ LC Series

Heat that fits

Revolutionary design provides a sleek, compact heater profile, while improving heater performance, reducing energy consumption, and improving comfort.

## Features

- Faster heating of the room than a conventional baseboard due to rapid vertical laminar air flow, directing heat to the ceiling, speeding dispersal of warm air into the center of the room
- Improved performance and reduced length through use of top heat discharge and new fin design
- Superior shark-fin blade design on a steel tubular element for improved heat transfer and longer life
- Discreet styling, reduced length and added versatility of placement provide more options when designing a room
- May be used with wall or top mounted built-in thermostat (not included)
- Full length automatic overheat reset for safety

## Applications

- All residential applications, commercial offices, lobbies, washrooms

Standard  
Feature In  
Our Homes

## Specifications

Voltage	120, 208, 240, 347V
Wattage	Sizes ranging from 500W to 2500W
Color	White or Almond
Finish	Specially-formulated epoxy / polyester powder coating is environmentally friendly and resists fading and abrasion.
Construction	Robust, 20 gauge steel construction.
Heating Element	A nickel chromium element is totally enclosed within a steel sheath, providing superior life expectancy and resistance to rust. Shark-fin shaped aluminum fins are firmly staked in an upright position to provide directional wicking for top discharge heat transfer.
Installation	Easily removed front caps, knock-outs on both sides of the convector, and pre-stamped mounting holes make installation easy.
Warranty	Ten year element warranty. One year warranty on complete unit.

Up to  
**33%**  
Energy Savings

**up to 42% shorter**  
**40% faster air velocity**  
**10% heat loss reduction**  
**...compared to a standard baseboard**
